Cruising Area:	Summer – New England Winter – Caribbean

The classic beauty of this brand new flush deck yacht designed by Bill Langan is underpinned by the most advanced technology in construction and rig. Her interior is equally agreeable, conceived by Andrew Winch to interpret the traditional in a subtly contemporary vein; distinctive walnut panelling, peach flower granite, alluring sofas and clever maximisation of natural light. With her two tenders, Victoria is ideal chartering and is a supremely comfortable yacht, whether you are relaxing in the sun or standing at the helm.
